

# Ida, Sweet as Apple Cider

Words and Music by Eddie Leonard and Eddie Munson - 1903

## [Verse]

**C** **G7**  
When the moon comes stealing up behind the hill,  
**C**  
Ev'rything around me seems so calm and still,  
**G**  
Save the gentle calling of the whipoorwill,  
**D7** **G7**  
Then I long to hold her little hand in mine;  
**C** **G7**  
Thro' the trees the winds are sighing soft and low,  
**C**  
Seem to come and whisper that your love is true,  
**G**  
Come and be my own now, sweetheart do oh do  
**D7** **G7**  
Then my life will seem almost divine.

## [CHORUS]

**C** **G7**  
Ida, sweet as apple cider,  
**C** **E7**  
Sweeter than all I know,  
**A7** **D7**  
Come out, in the silvery moonlight,  
**G7**  
of love we'll whisper, so soft and low  
**C** **G7**  
Seems like - can't live without you,  
**C** **E7**  
Listen - Oh! Honey do  
**A7** **D7**  
Ida, I idolize ya,  
**Dm** **G7** **C**  
I love you Ida, 'deed I do.

[Repeat Chorus, then END]
